01.

Team Introduction

We are students from NCKU.

A black and white photograph of several leaves, likely from a tree, with prominent veins and serrated edges. The leaves are layered, creating a sense of depth. A dark red rectangular overlay is positioned in the center-left of the image, containing the text '02.'. To the right of this overlay is a white rectangular area containing the title 'Code Introduction' and a paragraph of text. A small dark red square is located at the top right corner of the white area.

02.

Code Introduction

We will quickly introduce
the logic of the program.

Undock, then
go to "Tunnel".
